

## *Co-presidents report.....*

Our club is full of creative and energetic members! Mozelle is sharing her time and talents in propagation with us. Thank you!

The fun of propagating gave member Pat Lussier a great idea! Let's show off our skills and have our own very first pop up mini-inhouse-plant sale! There is no time like the present!

CHANGED DATE: At our **November 13**, 2023 meeting, bring the sweet little beginnings of your propagating in a pot (plastic is great) with a label as to what it is. We will buy these little plantings - the money donated going to our elementary education gardens.

Some of our members have been propagating their plants for a long time. They are invited to bring their larger plants that they would be willing to share. Please call Pat Lussier with offers of assistance and ideas to make this a "popping" event!

***Be sure to check out the flyer that is attached to this email!***

Our club will continue to grow and flourish as we explore new ways to share our love of gardening! Let Kathy and Mary know of your good idea for the club!

### CANCELLED

Mozelle will hold the second class on propagating at her home on Saturday, October 14, 2023.

The response has been very positive and the class is full. If you would like to be on a wait list in case someone drops out, please send an email to [gardenclubofsjc@gmail.com](mailto:gardenclubofsjc@gmail.com).

## *Lou Heimann, Membership Chair reports.....*

Good news! Our club is now over 60 members who have sent in their dues for this garden club calendar year. Thank you for your renewal and welcome to the new members. Just a note, if you have a friend, neighbor or even an acquaintance you meet downtown, in line at the grocery store or at happy hour and they express an interest in the club, please get their name, phone number and email and forward to me so I can send them information about our club and the activities.
